Homologated RX exhaust systems

Homologated exhaust system	Homologated exhaust system
	 
€ 323.00	€ 505.00

Malossi is pleased to announce the new homologated RX exhaust systems for maxi scooters!

It's a new line of homologated exhausts, suitable for a wide range of engines (up to 400 cc).

A genuine concentrate of technology, but with a very reduced weight: an RX exhaust weights approximately 3.5 kg only! This weight reduction may even reach 3 kg depending on its application.

Internal components and DB killer were completely re-designed in order to achieve the best performance, while keeping noise levels within legal limits; vibrations are reduced with three silent-blocks, and assembly is extremely simple.

A further Malossi masterpiece!!!

Technical details

- European homologation
- Silencer, manifold and bracket made of stainless steel
 - End cap made of carbon fibre
 - Satin finish
 - Weight reduction to about 3.5 kg
 - Laser marked Malossi logo
- Easy assembly thanks to a shaped plate and three fasteners on the silencer
 - Internal parts and DB killer entirely re-designed
- Reduced vibrations and shocks from the swing arm thanks to three silent-blocks

Racing DB killer

Code = 3214843B
€ 41.00

This racing DB killer allows to further improve the performance of the exhaust. Although it does not respect the European homologation standards, it keeps the noise within acceptable limits.
